

TECHNICAL DATA SHEET

Rubber Fit rubber care

Art. no. 0893 012 8

P. Qty.: 1 / 24

Silicone-free care for rubber seals

Resistant to salt water and spray water. Biodegradable. Resistant to diluted acids and bases, hydrophobic properties, rubber parts remain soft and supple, increase in service life and reduction in development of cracks. Does not attack paintwork or chrome parts. No rubber seals freezing solid in the winter. Squeaking and creaking noises are suppressed.

Contents	75 ml
Smell/fragrance	Characteristic
Chemical basis	Hydrocarbon
Colour	Colourless
Density/conditions	0.77 g/cm ³ /at 20 °C
Min. flashing point	64 °C
Bio-degradable	Yes
Silicone-free	Yes

Application area

Protects door, luggage compartment and bonnet rubber seals and provides reliable protection against freezing in winter.

Application information

Easy and targeted application using the integrated sponge on the container opening.

Notice

Use of the product on acrylic glass (PMMA) may result in stress cracks.

Keep away from sources of ignition and do not smoke. In case of contact with eyes, flush thoroughly with water and contact a physician immediately. Only use in well-ventilated areas.

The usage instructions are recommendations based on the tests we have conducted and based on our experience; carry out your own tests before each application.
